Privacy policy

Privacy Statement

Rozsa Nagyne Rischak Rozsa (hereinafter: Service Provider) manages the data of website visitors and website buyers (hereinafter Data Subject) during the operation of the website www.majoretteshop.eu (hereinafter: Website).

In connection with the management of data, the Service Provider hereby informs the Data Subjects about the personal data it manages on the Website, the principles and practices followed in the management of personal data, as well as the manner and possibilities of exercising the rights of the data subjects.

By using the Website, the Data Subject accepts the provisions of the Data Management Notice and consents to the data management defined below.

When developing its data protection principles, the service provider took into account in particular the CXII of 2011 on the right to self-determination of information and freedom of information. Act, VI of 1998 law on the protection of individuals during the machine processing of personal data, as well as the recommendations of the "Online Privacy Alliance".

1. Purpose of data management

The purpose of the service provider's data management is to identify visitors to the Website when using the services available through the Website; fulfilling and delivering orders, documenting and checking the adequacy of order fulfillment, as well as, where appropriate, enabling invoicing and proving the concluded contracts.

The purpose of the automatically recorded data is to create statistics and the technical development of the IT system.

The Service Provider does not use, or may use, the personal data provided to it for purposes other than those specified in this Data Management Notice. The release of personal data to third parties or authorities is possible with the express prior consent of the Data Subject, unless otherwise required by law.

In any case, if the Service Provider intends to use the provided data for a purpose other than the purpose of the original data collection, the Data Subject shall be informed of this, and the Data Subject shall be given prior, express consent to this, and shall be given the opportunity to prohibit the use.

2. Legal basis for data management

CXII of 2011 on the right to self-determination of information and freedom of information for data processing by service providers. Act (hereinafter: Info.tv.) according to Section 5 (1) point a) on the basis of the Data Subject's voluntary consent, as well as CVIII of 2001 on certain issues of electronic commercial services and services related to the information society. takes place on the basis of law.

The service provider does not check the personal data provided to him. The person providing it, the Data Subject, the contracting party, is solely responsible for the adequacy of the data provided. When any Data Subject provides his email address, he also assumes responsibility for the fact that only he uses the service from the provided email address. In view of this responsibility, all kinds of responsibility related to logins to a given email address are the sole responsibility of the Contact who registered the email address.

3. Data of the Service Provider as a data controller

Name: Rozsa Nagyne Rozsa self-employed

Headquarters: Hungary, 6800 Hódmezővásárhely, Kaszap street 17. 5th floor. 13 a.

Mailing address: 6800 Hódmezővásárhely, Kaszap utca 17. 5 em. 13 a.

EU tax number: HU57224497

Registration number: 55829443

4. Duration of data management

The management of personal data mandatorily provided during registration begins with registration and lasts until it is deleted. In the case of non-mandatory data, data management lasts from the time the data is entered until the data in question is deleted. Registration can be canceled at any time after sending the cancellation request. In this case, the deadline for deleting the data is 5 working days after the receipt of the request.

The Service Provider also deletes the data of the unregistered Data Subject, which is provided to the Service Provider during the order, from its system within 5 working days after the order is fulfilled.

The logged data is stored by the system for 6 months from the date of logging, with the exception of the date of the last visit, which is automatically overwritten.

The above provisions do not affect the fulfillment of retention obligations defined in legislation (e.g. accounting legislation), as well as data processing based on additional consents given during registration on the Website or in any other way.

5. Scope of personal data handled

Registration data:

During registration, the Data Subject must provide the following data: Name, E-mail address, Password.

Technical data:

The data of the Data Subject's logged-in computer that are generated during the use of the service and which are recorded by the Service Provider's system as an automatic result of technical processes. These are, in particular, the date and time of the visit, the IP address of the Data Subject's computer, the type of browser, the address of the viewed and previously visited website.

The data that is automatically recorded is automatically logged by the system upon entry or exit without a separate declaration or action by the Data Subject. These data cannot be combined with other personal user data - except in cases made mandatory by law. Only the Service Provider has access to the data.

The Service Provider's system may collect data on the Data Subject's activity, which cannot be linked to other data provided by the Data Subject during registration, nor to data generated when using other websites or services.

The html code of the Website may contain links to and from an external server independent of the Service Provider. The providers of these links are able to collect user data due to the direct connection to their server.

External servers assist in the independent measurement and auditing of the Website's visitor and other web analytics data (Google Analytics). The data controllers can provide the Data Subject with detailed information on the management of the measurement data. Their availability: www.google.com/analytics/

Email: unas@unas.hu

Data management related to online payment

Name: Barion Payment Zrt.

Headquarters: 1117 Budapest, Infopark sétány 1. Building I. 5th floor 5.

Phone number: +36 1 464 70 99

E-mail: barion@barion.com

Website: <https://www.barion.com/hu/>

Based on the contract concluded with the Data Controller, the payment service provider participates in the implementation of online payment, for which data is transferred to the online payment service provider during the purchase process. In doing so, the online payment service provider handles the invoicing name, name and address, order number and date of the concerned person in accordance with its own data management rules.

The purpose of the data transmission is to provide the online payment service provider with the transaction data necessary for the payment transaction initiated by the online payment service provider.

The legal basis for data transfer: the performance of the contract between you and the Data Controller based on Article 6 (1) point b) of the Regulation, which includes payment by the customer, and in the case of online payment, the payment requires data transfer in accordance with this point

7. Affected rights and legal enforcement options

7.1 Right to information

The Data Subject is entitled at any time to request information about his/her personal data managed by the Service Provider and, with the exception of the email address provided during registration, can modify them at any time in his/her own account on the Website.

At the request of the Data Subject, the Service Provider provides information about the data it manages, the purpose, legal basis and duration of the data management, as well as about who and for what purpose their data is or has been received. The Service Provider shall provide the requested information in writing within 30 days of the submission of the request.

The Data Subject may contact the Service Provider with any questions or comments related to data management via the contact details indicated below.

7.2 The data subject may request the deletion, correction or blocking of their data

The Data Subject has the right to request the correction or deletion of his/her incorrectly recorded data at any time at one of the contact details indicated below. The Service Provider will delete the data within 5 working days from the receipt of the request, in which case they will not be recoverable. The deletion does not apply to data processing required by law (e.g. accounting regulations),

the Service Provider will keep them for the necessary period.

The Data Subject may also request the blocking of their data. The Service Provider locks the personal data if the data subject requests it, or if it can be assumed based on the information available that the deletion would harm the legitimate interests of the data subject. The personal data locked in this way can only be processed as long as the data management purpose exists, which precluded the deletion of the personal data.

The Data Subject, as well as all those to whom the data was previously forwarded for the purpose of data management, must be notified of the correction, blocking and deletion. The notification can be omitted if this does not violate the Data Subject's legitimate interests in view of the purpose of the data management.

If the data controller does not comply with the data subject's request for correction, blocking or deletion, within 30 days of receiving the request, the data controller shall notify the factual and legal reasons for rejecting the request for correction, blocking or deletion in writing.

7.3 The data subject may object to the processing of his personal data

The Data Subject may object to the processing of his personal data. The Service Provider examines the objection as soon as possible, but no later than 15 days after the submission of the application, makes a decision on its validity, and informs the applicant of its decision in writing.

The Data Subject can exercise his rights at the contact details listed in point 3. 7.4 The data subject is based on Info.tv and the Civil Code (Act V of 2013)

You can contact the National Data Protection and Freedom of Information Authority (1125 Budapest, Szilágyi Erzsébet fasor 22/c.; www.naih.hu) or You can enforce your rights in court. If the Data Subject provided third-party data during registration to use the service or caused damage in any way while using the Website, the Service Provider is entitled to claim compensation from the Data Subject. In such a case, the Service Provider will provide all possible assistance to the acting authorities in order to establish the identity of the person violating the law.

8. Use of email addresses

The Service Provider pays special attention to the legality of the use of the electronic mail addresses it manages, so it only uses them in the manner specified below to send (informational or advertising) e-mails.

The management of email addresses primarily serves the purpose of identifying the Data Subject, maintaining contact during the fulfillment of orders and the use of services, so emails are sent primarily for this purpose.

9. Newsletter

The Service Provider enables the Data Subject to subscribe to the newsletter. The newsletter has direct marketing elements and contains advertising. The Service Provider processes the data provided by the Data Subject when using the newsletter.

The Data Subject can unsubscribe from sending newsletters at any time, free of charge, without limitation or justification. You can do this by letter, email, by clicking on the "Unsubscribe" link at the bottom of the newsletters, or through the Website, where the Data Subject must enter their email address and name on the dedicated interface, and then click on the "Unsubscribe" link. In this case, the Service Provider deletes all personal data - necessary for sending newsletters - from its records and does not contact the Data Subject with further newsletters and offers. The Service Provider sends letters containing advertisements or advertisements (newsletters) to the electronic mail addresses provided during registration only with the express consent of the Data Subject, in cases and in a manner that complies with legal requirements.

10. Data security

The Service Provider undertakes to ensure the security of the data, and to take the technical measures to ensure that the recorded, stored and managed data are protected, and to do everything possible to prevent their destruction, unauthorized use and unauthorized alteration. You also undertake to call on all third parties to whom you may forward or transfer the data to fulfill their obligations in this regard.

11. Other provisions

The Service Provider reserves the right to unilaterally modify this Data Management Information Sheet with prior notification to the Data Subjects. After the amendment enters into force, the Data Subject accepts the contents of the amended Data Management Notice by using the Website.
